

Illinois High School Theatre Festival Vendor and Workshop Guidelines

While we appreciate the fact that Vendors and workshop leaders provide a crucial service for our Festival and students, there are a few guidelines we must clarify.

- Any display, workshop or promotion must clearly meet the needs of the students and/or sponsors attending our Festival.
- Educational recruiters must be connected to accredited institutions.
- Workshops can not be used to actively sell products or services.
- Workshops and vendor participation must be of quality and valuable to the education and support of our students and sponsors.

The Festival Committee reserves the right to reject the participation of any vendor or workshop leader that they feel does not meet the above guidelines.
